Get yours now

We want to welcome every baby born in Scotland by giving them their own Baby Box.

The Baby Box will help families prepare for the arrival of their baby and provide a safe and comfortable place for them to sleep. The box itself acts like a Moses basket as it comes complete with a mattress and bedding that fits perfectly.

New babies need a surprising amount of stuff! Scotland's Baby Box is packed full of clothes, bedding and lots of other useful things to help give your baby the best possible start in life.
